GERRY WEBER International AG, headquartered in Halle/Westphalia, operates on a global scale and unites three strong fashion brands under a single roof: GERRY WEBER, TAIFUN and SAMOON. Our brands stand for high-quality, trend-oriented fashion and accessories for demanding and quality-conscious customers. All our brands highlight the wearer’s individual style in their own unique way.

You want to become part of a dynamic and global fashion company? Start your career as soon as possible in a Trainee Programme in our international Purchasing Team. We are looking for an:

**International Purchasing Trainee - IPT (w/m/x)**

The purchasing department with its representative offices in Shanghai, Dhaka and Istanbul is currently steering purchasing operations along the supply chain on three continents and 21 countries. The 24 month-long trainee program is subdivided into three major blocks and will in a first step introduce and train you within our headquarters, warehouse and shops to all relevant processes within departments directly- and indirectly touching base with the purchasing department. The second block of the training will take part within our buying-offices in Bangladesh, China and Turkey as well as within production-sites controlled by the offices. This part is for the trainee to gain purchasing-market knowledge and cultural sensitivity essential for the target position within the purchasing department. In the third and last block the program will focus only on the target position and training “on the job” – this part will take place either in our headquarters or within our offices. Throughout the trainee program you will be given projects and interesting operational tasks which you will execute independently.

**Qualification profile**

- Relevant Bachelor’s or Master’s degree within purchasing or product development
- Team-player with international mind-set
- Fluent in English a must (verbal and written)
- International experience and cross cultural competence e. g. through university exchange program, internship or long term stay abroad
- First working experience within apparel purchasing / product development
- Strong material and product knowledge
- Analytical and numerate mind-set
- Geographically flexible and willing to work in a multicultural work-environment

**Application Process:** After the receipt of your resume and CV we will ask you to record a personal video of max. 2 minutes duration. You should use this video to show us more about who you are and tell us about your international experience. The subsequent steps will take place at our headquarter in group discussions and direct interviews.
