

## Start of study - I M P O R T A N T

For a successful beginning of your studies, please familiarise yourself with the following points:

- **Create your personal university account**

Necessary condition for using your e-mail account! Only after changing the initial password you have access to all online services of the University of Applied Sciences: E-Mail-Account, Online-Portal HIO (HISinOne), Learning Platform Moodle, WLAN u.a.

For each student a personal **university account** (Benutzername und Passwort) is created automatically. Your **username** ("Benutzername") consists of the first letters of your first and last name and of a three-digit number code. Example: Peter Smith → Pesmi001

You are going to receive your **username** together with your **initial password** ("Initialpasswort") per post. For the log-in you first need to visit the website of the identity manager of the Hochschule Niederrhein: [HN Identity Manager \(hs-niederrhein.de\)](https://hs-niederrhein.de). There you need to click on the very last sentence at the bottom "Confirm the Terms of Use and proceed to login!" which transfers to the log-in. Here you need to enter your username and your initial password. Now you can change the initial password into your personal password. Attention: don't throw away the initial password, because it can be reset in case you forgot your personal password. You can always change your password in the HN Identity Manager [HN Identity Manager \(hs-niederrhein.de\)](https://hs-niederrhein.de).

You can use all letters between a-z and A-Z, as well as all numbers between 0-9. You can also use following special characters: ! " # \$ % & ( ) \* + , - . / : ; < = > ? @ [ \ ] \_ { | } ~ as well as a " " (space). Not allowed are ^ ' ` Your personal password needs to have at least 8 characters and may have up to 20 characters.

← Here you enter your username and the initial password.  
Then a new site opens where you can change your password.  
Altes Passwort = old password  
Neues Passwort = new password  
Passwort wiederholen = repeat password

Altes Passwort:	<input type="text"/>
Neues Passwort:	<input type="text"/>
Passwort wiederholen:	<input type="text"/>
<input type="button" value="Senden"/>	

Now your university account is activated. Using your username and the new password you can log into all online services of the university of Applied Sciences.

**Your student e-mail address of the University of Applied Sciences** will be used obligatory during your study: **firstname.familyname@stud.hn.de**. This address you received with the matriculation.
