

## Tutorien im WiSe 25/26 ab dem 06.10.25 / Tutorials WiSe 25/26 starting from 6th of Octobre 2025

### **Präsenz:**

#### **HAKA Grundkonstruktion (deutsch)**

|              |                             |                                                                      |                               |
|--------------|-----------------------------|----------------------------------------------------------------------|-------------------------------|
| Niklas Jekel | Donnerstag: 16:15-17:45 Uhr | <a href="mailto:niklas.jekel@stud.hn.de">niklas.jekel@stud.hn.de</a> | Raum G110 (23.10. Raum G 103) |
|--------------|-----------------------------|----------------------------------------------------------------------|-------------------------------|

#### **Vektor und Geometrie (deutsch)**

|               |                           |                                                                          |                                |
|---------------|---------------------------|--------------------------------------------------------------------------|--------------------------------|
| Lotte Jabusch | Donnerstag 12:30-14:00Uhr | <a href="mailto:lotte.jabbusch@stud.hn.de">lotte.jabbusch@stud.hn.de</a> | Raum G 104 (23.10. Raum G 103) |
|---------------|---------------------------|--------------------------------------------------------------------------|--------------------------------|

#### **Analysis (deutsch)**

|               |                            |                                                                          |                                |
|---------------|----------------------------|--------------------------------------------------------------------------|--------------------------------|
| Lotte Jabusch | Mittwoch 10:15 - 11:45 Uhr | <a href="mailto:lotte.jabbusch@stud.hn.de">lotte.jabbusch@stud.hn.de</a> | Raum G 103 (22.10. Raum G 103) |
|---------------|----------------------------|--------------------------------------------------------------------------|--------------------------------|

#### **Entwurfsmethodik Strick (deutsch)**

|                    |                          |                                                                                  |            |
|--------------------|--------------------------|----------------------------------------------------------------------------------|------------|
| Julia Segschneider | Montag 16:15 - 17:45 Uhr | <a href="mailto:julia.segschneider@stud.hn.de">julia.segschneider@stud.hn.de</a> | Raum G E03 |
|--------------------|--------------------------|----------------------------------------------------------------------------------|------------|

### **Online:**

#### **Grundlagen EDV/Internet und eBusiness (deutsch)**

|            |                            |                                                                  |                                              |
|------------|----------------------------|------------------------------------------------------------------|----------------------------------------------|
| Lara Depke | Dienstag 18:00 - 19.30 Uhr | <a href="mailto:Lara.depke@stud.hn.de">Lara.depke@stud.hn.de</a> | Meeting ID: 689 964 5673<br>Passcode: 170338 |
|------------|----------------------------|------------------------------------------------------------------|----------------------------------------------|

#### **Chemistry (english)**

|                        |                           |                                                                                          |                                            |
|------------------------|---------------------------|------------------------------------------------------------------------------------------|--------------------------------------------|
| Ekaterina Kudriavtseva | Tuesday 07:00pm - 08:30pm | <a href="mailto:ekaterina.kudriavtseva@stud.hn.de">ekaterina.kudriavtseva@stud.hn.de</a> | Zoom-ID: 694 4060 7125<br>Passcode: 863422 |
|------------------------|---------------------------|------------------------------------------------------------------------------------------|--------------------------------------------|
