

Please note the following **information** regarding registration – valid for all study courses:

All students **must actively register** for all compulsory and elective lectures/courses using His-in-One (HiO - <https://hio.hsnr.de>) platform. **Only** on the basis of this registration all students will then receive important information about the lectures/course from their professors/lecturers, e.g. registration keys for moodle. This registration is especially important for presence-courses P, as otherwise the students will not be included into the planning, e.g. of individual groups

Please note the following HiO - registration periods:
