

8-11|06|2016

FUTURE GENERATION

Preliminary Programme of 48th IFKT International Congress, MG Open Spaces and VDTF Members' Conference

The IFKT International Congress offers on the occasion of its 60th anniversary an exciting programme of lectures, a company tour as well as consultations with experts on the topic of knitting technology from 9 to 11 June. On 10 June the **MG Open Spaces** will continue this interesting exchange. The **VDTF Members' Conference** will complete this congress on 11 June 2016.

This excellent programme for an interdisciplinary exchange along the textile processing chain focuses on a higher-level topic which has a long-term effect on our industry: **Future Generation**.
